

ATV Accident Case Study Exercises

Suggested Exercise and Discussion Points for ATV Accident Case Study:

Lesson 4 Exercise:

After receiving the in briefing keep these questions in mind.

1. What skill mix would you want to conduct the investigation?
2. Consider what team members would need to be exposed to injured or deceased victims'?
3. List the immediate actions the team should accomplish?

Lesson 8 Exercise:

Exercise 1 - Under evidence gathering ask the following question based on the ATV Accident In Briefing:

1. What potential evidence (human, material, and environmental) would you investigate and identify?

Exercise 2 - Develop a witness list for the ATV Accident.

Lesson 10 or 12 Exercise: (Depending on where it best fits)

Incorporate the ATV Accident Factual Report findings, causes, and recommendations into discussion topics to emphasize these being used in an actual event.
